REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Rollinsford:

This is my seventeenth annual report. To conform with State and Federal reports, the statistics are for the school year ending June 30, 1945. Remarks will cover the present year.

There has been very little change in enrollment of elementary pupils or in pupils transported. The total number of pupils in 1943-1944 was 151 and for 1944-1945 it was 146. This year the number at present is 142.

Last winter was severe, but the attendance was good. The percent of attendance for the year was 92 and the year before it was 93.

We regretted to lose Mrs. Helen Hennessey from the teaching force but were fortunate to secure the services of Mr. Theodore Blanchard, a graduate of Keene Teachers' College. The teacher situation remains acute. If we should have to change teachers in any grade, your superintendent would not know where a replacement could be found. There is no waiting list of qualified teachers. We have been unable to find anyone to teach Home Economics to the 7th and 8th Grade girls, so this subject and Manual Training for the boys has had to be suspended temporarily.

We have been fortunate in securing a satisfactory nurse during this period of shortages. There has been no serious outbreak of contagious diseases, but we must be on constant lookout for such, since so many veterans are returning from foreign lands.

Hot lunches are again provided together with milk.

Mrs. Margaret Thomas prepares and helps serve the same. Several donations of food have been made, and

we wish the donors to know that they were appreciated. The Commodity Credit Corporation Office of Supply helps to finance the lunches, allowing 2 cents per half pint bottle of milk and 4 cents per serving of one hot dish if certain approved foods are used.

No school time has been lost since the last report on account of Wartime activities. No Teacher Association meetings have been held, but the teachers were given a visiting day. From the reports received, I know that these visits were profitable.

Your superintendent has attended the October Conference of Educational Leaders and the meeting of the New England Superintendents' Association.

The last session of the General Court made available to all teachers a Retirement System which is worthwhile. Each teacher joining the system pays into it a certain percentage of her annual salary, not to exceed \$100. The School District employing the teacher must also contribute a certain sum, set at present at 4 per cent of the salary. This System should be welcomed by all School Districts since it now permits teachers to be retired when incapacitated or for old age, with certain security. Teachers do not receive any other Social Security. The burden on the taxpayer is very light.

Pupils having their tuition paid in High School number 67 at present. At Berwick Academy 1 in Grade 9; 1 in Grade 10; 2 in Grade 11; and 2 in Grade 12. At Dover as follows: In Grade 9, 26; in Grade 10, 9; in Grade 11, 12; and in Grade 12, 14. Since the rate of tuition at Dover is this year \$114.79, a large slice of your school appropriations go for the paying of High School tuition.

St. Joseph's Parochial School reported an attendance of 108 in September as compared with 110 last year.

The medals presented at graduation by the William Martel Post of the American Legion went to Robert

Drake and Shirley Quint. We still need a projector for use in visual education. It is hoped that we may be able to secure one in the near future from the Surplus Properties of the Federal government.

I have no definite report to make regarding the amounts saved by pupils in Bonds and War Savings Stamps. The school has been very active and received commendation for their efforts. The Junior Red Cross has also been in active operation and has contributed to the efforts of the Somersworth-Rollinsford Chapter with both money and materials.

Your schools have been very little effected by the late war, and we hope that they will be improved because of things learned through the experiences of the armed forces. We sincerely hope that Manual Training and Home Economics will be resumed next year.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Schools.
